Cargill and District Community Fund Launch Public Campaign for Entranceway for “Community” Project

Brockton, ON, October 30, 2018 – The Cargill Community Centre serves as the hub of Cargill’s community and is the primary destination for many community events. Cargill and District Community Fund (C.D.C.F.) are proud to announce the new entrance addition for the community centre, and invite public support as we take this next step in making the centre a viable facility to meet current and future needs of Brockton’s community.

Over two years ago, the need became apparent to address energy inefficiency and accessibility issues. A decision was made to replace the outdated portion of the centre with a newly constructed addition, consisting of an expanded accessible entranceway, larger meeting room, orderly cloak room, and barrier-free washrooms to create a more useful and energy efficient space.

Brockton Council approved the renovation to the Cargill Community Centre entranceway at their February 12, 2018 Council Meeting. The project is expected to cost \$805,000, with the municipality committed to finance 40% of this project.

Mayor David Inglis commended the efforts of the project, stating: “The Municipality of Brockton is proud to support the dedicated commitments of both the Cargill and District Community Fund Building Entrance Project Committee, and the volunteers who have assisted in this project. The Cargill Community Centre is a valuable asset to the communities of Cargill, and Brockton, featuring a multitude of community events hosted throughout the year. These renovations will benefit our community engagement and economic development for years to come!”

The project was underway October 1, 2018, with the target substantial completion date of March 31, 2019.

The C.D.C.F. committee strives for the betterment of the Cargill community for everyone to enjoy. The committee are fundraising the remaining \$485,000 for this project. Financial support through grants, sponsorships, and donations have raised \$185,000 to date. A public campaign is being launched to raise the remaining \$300,000.

To learn more about Cargill Community Centre Entranceway for “Community” project, please visit Brockton.ca/Entranceway or VisitCargill.ca

Donations should be payable to “The Municipality of Brockton”, and can be dropped off, or mailed to the Municipality of Brockton, P. O. Box 68, 100 Scott Street, Walkerton, ON N0G 2V0.

Thank you in advance for your support of the entranceway for the Cargill Community Centre. Your valuable gift will make a difference!
